

Don't Miss the Last ANA-MI Town Hall Meeting of 2024

ANA-MI is eager to continue engaging with Michigan nurses to share information and gather insights on the critical issues affecting our profession. Please plan to attend the final Town Hall of 2024. The informal, open forums allows attendees to contribute to the conversation and offer suggestions for improving nursing in Michigan. Our objective is to provide support to Michigan's nurses as well as develop goals and initiatives that support the needs of nurses that align with ANA-MI's mission and vision.

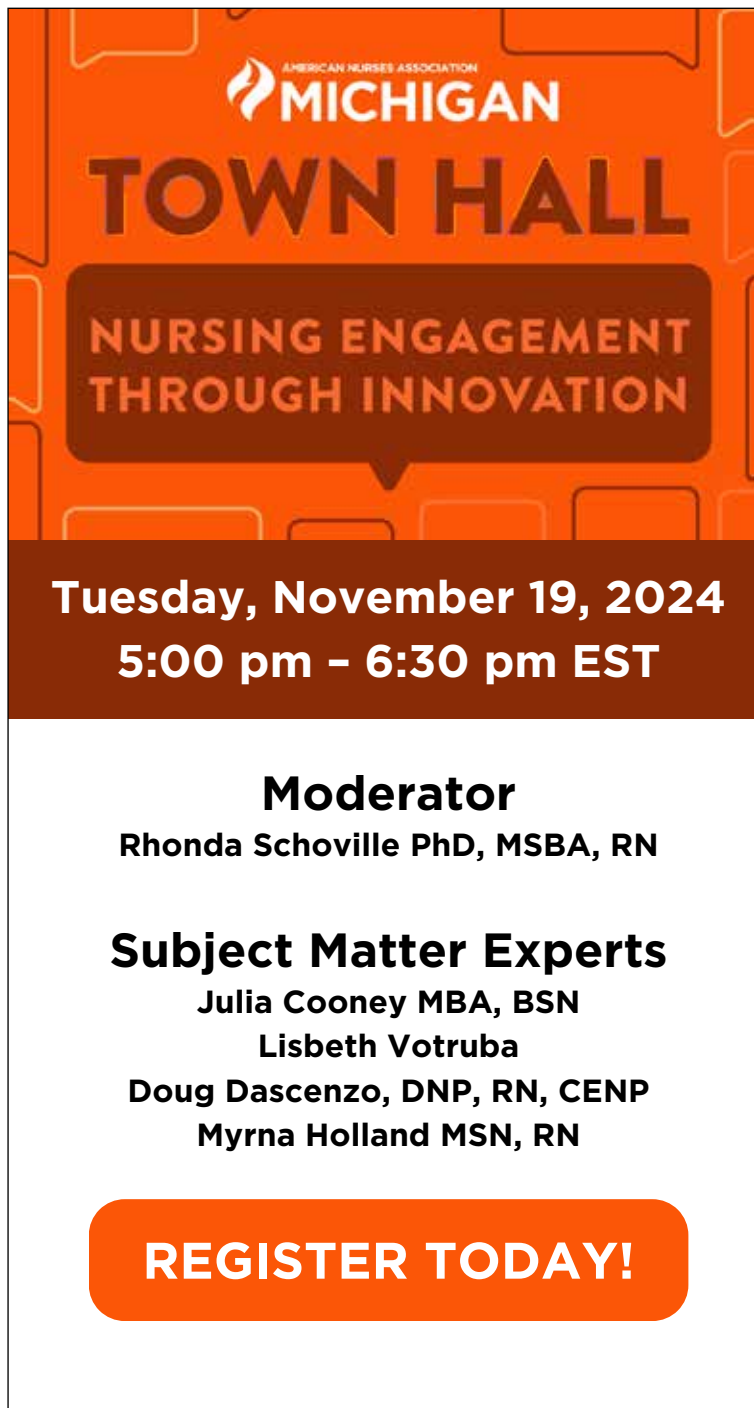

Our Mission: Advancing the nursing profession in Michigan.

Our Vision: ANA-Michigan is a vital community of professional nurses in Michigan. Together, we are experts in nursing practice. Our strength is our solution-focused thought leadership, our long-term view of the nursing profession in a dynamic healthcare environment, and our impact on quality care and patient safety.

Town Hall registration open to all nurses in Michigan. If you are not currently a member of ANA-MI, please join us for this event and see what ANA-MI is doing to support Michigan nurses.

ANA-MI Town Hall: Nursing Engagement Through Innovation

Join us for an engaging Town Hall session on "Nursing Engagement Through Innovation," where we will delve into how nurses can become innovators in their field. We will explore the integration and implementation of innovative practices, and how these advancements can enhance the nursing profession. ■
